

A Diary Entry by Sam Chin 1D (3)

23rd May, 2015

Dear Diary,

Today I'm so happy because I met my old friend, Wendy. She is beautiful and playful. Because she likes taking photos, my sister, my mother and I took her to go hiking at Tai Ping Shan. She brought her camera and took a lot of photos. She really likes the place very much.

Then we had lunch with her in a Japanese restaurant. Wendy and I like sushi very much. My mum like mango pudding more. After lunch, we took her to Central to go shopping.

When she entered the shopping mall, her eyes sparkled and she went to the bag section immediately. There was an unexpected 30% off for every bag. She was so excited and bought three bags in ten minutes.

Then she went to the shoes section, but unluckily, she twisted her ankle when she was walking. We quickly sent her to hospital, but Wendy still thought today was a good day.
