Am I a generous person?

I think I am a generous person because I always lend money to my friends and share snacks with my classmates. I remember when I was young, whenever I saw beggars, I usually gave them money because I thought they were miserable.

There are many unfortunate people who suffer from poverty, disease and famine. Therefore, I decided to join the Red Cross and engage in voluntary work. I have visited home for the elderly and some children who suffer from cancer in hospital. I read storybooks to them and played games with them. It was a rewarding experience for me.

I go to school by bus every day. It is usually crowded in rush hours. Whenever I see the elderly, I will give my seat to them because it's the responsibility of a good citizen.

I hope the world is getting better and better. I wish everyone can lend a hand. It is more blessed to give than to receive.
