

My Life in China and Hong Kong

by Mok Cheung Ni (2A)

Hello, my name is Mok Cheung Ni. I'm 14 years old. I'm from China. I'm very happy to tell you about my life in China and Hong Kong.

I have a happy family. There are 4 members in my family: mum, dad, my sister and I. In China, we lived in a beautiful city called Foshan. My mum was a writer. She was so busy that she had never got much free time during the day. My dad was a driver. He always drove different kinds of vehicles. My sister and I went to school from Monday to Friday. At weekends, we went on hiking trips, which were great fun.

Why did I come to Hong Kong? Coming to Hong Kong was my dream and I thought Hong Kong people were very nice and the environment was comfortable. This is true. What's more, the people of Hong Kong belong to different nationalities, so Hong Kong is a truly international city with an interesting and diverse culture.

I plan to study hard at school so that I can get good results in HKDSE. After completing my university education, I want to become a Putonghua teacher and teach children how to speak Putonghua. I hope my dream will come true and I will have a wonderful life in Hong Kong.
