### Joyful Learning Group Newsletter (Issue 2)

23<sup>rd</sup> January, 2019

Halfway through the year, our students have acquired the attributes of Fung Lingers. Throughout the activities, they displayed the Fung Ling Spirit by being eager to learn, ready for service, self-disciplined, rule-abiding, caring and polite. Let us recap on some of the brilliant moments so far.

## We Are Self-disciplined and Rule-abiding

In November, S1 students joined the Youth Moral Training Camp, designed to develop their self-care ability through a series of programs and group activities. The camp was a bittersweet experience as students had to do household chores and physical training under the burning sun. However, their happy faces in the pictures can tell you it is all worth their effort.

# We Are Eager to Learn

Students stayed after school to prepare for the competition.

Some of the NCS joined the 70th Hong Kong Schools Speech Festival (Chinese Speech). With the help of the instructors, they spent countless after-school hours to refine their performance from pronunciation to facial expression and body gesture.

Reading a Chinese poem is never easy for NCS, let alone performing! Yet, they all tried their best and won rounds of applause. Their excellent performances got credit from the adjudicators as shown in the result below.

# We Are Ready for Service

On one of the coldest days in December, our NCS turned up in Causeway Bay for *Building an Inclusive Community Carnival* that promotes racial harmony. The students hosted a game booth, in which they played and had fun with the passers-by. They had wonderful experience and enjoyed cross-racial harmony.

Apil, Joshua, Miguel and Prabhat from S.1B are on duty at the game booth, playing games with the kids and giving out souvenirs.

Prabhat received the certificate of gratitude on behalf of our school.
