11th July, 2023

In a blink of an eye, the term is coming to an end. Entering the post-exam period, students are able to take a break and enjoy a variety of wonderful activities. Let's take a look at all the fun they had.

FESTIVAL CARNIVALS - DRAGON BOAT FESTIVAL

The girls are ready for the race! They look excited sitting on the dragon boat!

Oh! The yellow dragon was trying their best to catch up before the finishing line.

In collaboration with the Neighbourhood Advice-Action Council, our school has arranged a series of Festival Carnivals to spread the festive atmosphere around the campus and wrapped up the series with the Dragon-Boat Festival. Students not only learned about the traditional food and activities, but also had a taste of the dragon boat race. We hope all students can embrace cultures that are different from their own.

TAI O FISHING VILLAGE TOUR

It was the first time our NCS students made the Sun-baked salted eggs. Hope they enjoy the eggs at home:)

To promote the local culture and history of Hong Kong outside the classroom, the Joyful Learning Group organized a tour to the Tai O Fishing Village, also known as the Venice of Hong Kong.

They visited the stilt house, got on a boat ride and made salted eggs and fishing nets. Let's look at some of the highlights of the day.

Let's embark on the boat ride to find white dolphin!

MORE ON THE OTHER SIDE

The end of the year means it is the perfect time to reflect on the amazing journey this year. Let's see what the students say about their favourite activities at school.

I think the most helpful activity this year was the after-school tutorial because I can hand in my homework earlier and the teachers are very kind and funny. I hope it should happen again next year.

1B BHAVNOOR

I think the pre-exam revision class was the most helpful activity this year because it helped me a lot and I can do revision once again before the exam. I wish to see it again next year.

2B GOURAV

I think the Cantonese class is the most helpful activity because it helps me with many difficult Chinese questions. The teachers were kind and helpful. They taught different vocab such as Hong Kong cuisine, places, job, etc.

1B NAIMA

I believe the most educational event this year was visiting the Palace Museum. This trip had enhanced my knowledge on historical Chinese clothing and traditions. I enjoy sharing my newly gained knowledge to people who are unaware of Chinese history.

4E ZACHRY

The most impressive event in my opinion was visiting different islands around Hong Kong. It was very interesting, interactive and enlightening. I loved learning about people in the outskirts of Hong Kong and how their lives are different from mine.

5E MANMEET
