## A Profile of Myself

My name is Charmaine. I'm 12 years old. My birthday is on 17<sup>th</sup> June, 2003. I live in Chai Wan. I have five family members, including my mother, father, brothers and me. I love my brothers very much because they always treat me my favourite chocolate. I don't have a pet. I come from Shanghai Alumni Primary School.

I like reading a lot! Reading can help me acquire knowledge of the world. In my spare time, I listen to music and play computer games to relax.

My favourite food is chocolate because I like its special taste --- a little bit bitter and a little bit sweet. Chocolate is brown and white, exhibiting its milky and delicious look. Although I like chocolate a lot, I won't eat too much because it's not good for our health.

My favourite subject is English. When I grow up, I want to travel around the world, so I must learn English well. When I am travelling around the world, a good standard of English can help me understand the culture of other countries and I can also communicate with others more easily.

My dream job is to be a nurse. I want to help sick people who are in danger. Most people get sick when they see human blood and bones, but I don't. I think I'm good at dealing with people who are sick. Most people will be nervous when they are going to do surgery. I hope that I can comfort them and put them be at ease.
