The Joyful Sports Days

On 22nd September and 25th September, our Sports Days were held at the Siu Sai Wan Sports Ground. I took a bus to the sports ground with my classmates. It started at 8:30 am and ended at 4:30 pm. When we arrived at the sports ground, it was drizzling.

At the opening ceremony, Principal Lee gave a speech and the class representatives paraded. Then, the Principal announced the start of the Sports Days. I took part in the 100m and 200m running races as well as the shot put races. We all cheered for our classmates and some of us became champions. Our class, 1A, used whistles, megaphones, and boom - boom sticks to cheer for the participants. The sports ground was full of voices and laughter. Leung Kam Kit and Lau Kam Ho helped our class to get a good result.

At the closing ceremony, our guest, Mr. Wong, presented the prizes. The students were very excited to receive the prizes. We then took a class photo on the running track. I felt cheerful that day because there were exciting competitions. I hope I can get more trophies next time.
