

My Wonderful Sports Day By Angel

Everyone in my class was very excited about September 19th because it was the Sports Day. The venue of the Sports Day was Siu Sai Wan Sports Ground. I was so excited that I couldn't sleep well the night before. Once I woke up, I wore my uniform and rushed out of my home. While I was waiting for a bus, I met Cecilia, so we went there together.

When we arrived, our class teachers told us to put on our class T-shirt, which was designed by our classmates. At first, the weather wasn't stable, so we couldn't start the opening ceremony, but it got better after some time. Then, the principal gave an opening speech and two senior forms students took an oath for all the athletes. That was when the sports day officially started.

I joined three events: high jump, discus and 100m sprint. The first event that I had to go was 100m sprint, but sadly I finished fourth. After that, it was discus. At first, I didn't know how to throw the discus but it got handy once I learnt it and I came first! The last event was high jump. I didn't know how to do it, so I wasn't able to jump over the bar, not even once.

At the end of the day, everyone felt wonderful, and my mum was proud of me! So I'm looking forward to the next Sports Day and making my mom proud again.
