

## **Presentation – My favourite movie**

By Paul Chan (3D)

Good morning everyone. I'm going to tell you about a movie that I really enjoy. It is called "It". What do you think is the scariest thing on Earth? What would you do if you saw it? Would you run away or fight with it? If I were you, I would fight with my fear just like the children defeated their deepest fear in the movie.

In the beginning of the movie, Bill's little brother, Georgie, was caught by a clown named Penny Wise. Bill believed that Georgie was still alive, so he gathered his friends and together they formed a rescue team. Penny Wise tried to stop them from finding out what he really was by intimidating them. At last, the children conquered their various fears and defeated the clown. Bill also accepted the death of his brother in the end.

I like this movie because it's exciting and it makes me feel scared every time I watch it. Although it is very scary, I can't stop re-watching it again and again. My favourite character is Bill because he never gives up when looking for Georgie, even when he faces obstacles.

I hope you enjoy listening to my sharing of my favourite movie. If you haven't watched "It", why don't you give it a try? That's all I want to share. Thank you.
