Compo 1- A Profile of Myself

By Tiffany Cheung

My name is Tiffany Cheung. I am eleven years old. My birthday is on 1st December. I live in North Point with my parents and grandmother. I do not have any pets but my dad has two gold fish. My primary school is St. Paul's Primary Catholic School. It is located in Happy Valley.

I like playing sports in my spare time. Doing sports, I can be healthier. I usually do sports like swimming and running with my parents. I like reading comics and listening to music too.

My favourite food is ice-cream because ice-cream has a lot of tastes like chocolate, strawberry and banana. I think it is a very delicious food for dessert. My favourite subject is English because I can use English to communicate with people from other countries, so my favourite subject is English.

In my English lesson I can learn a lot of difficult words and have a lot of fun. I am happy that Ms Lau teaches me English.
