'One Second Champion' was released on 11st march, 20221. The main characters in this film are Endy Chow, Chiu Sin Hang and Lim Ming Chen. The main setting of this movie is in Tai Po. After watching this movie, I really like it because it inspires passion for life.

The plot focuses on describing the lead actor's life since he was a child. He has the ability to predict what will happen in the next second. Relying on his talent, he has always been successful in boxing, and he is invited to compete with a boxing champion.

Furthermore, the climax of this film is when the protagonist's superpower disappears in an accident, can he finish the remaining competition? Let's see together! This film also has a lot of quotes, and my favourite one is "If you cannot avoid it, then face it together!"

My overall comment on this film is positive. I really appreciate the characters chosen as they act realistically. This film has an important message to me: "Time and tide wait for nobody", so we need to cherish every minute and every second and don't let time slip by. Also, even the smallest power of a person cannot be ignored because it can change the future.

In conclusion, this film is a must-see because it will make you understand more about life and you will learn to cherish your time and every moment. You will also enjoy watching it if you like Endy Chow, competitions and local films produced by passionate people.
