

## **A tiring but fun sports day**

**By Somya Tamang (1B)**

On 4<sup>th</sup> October, we had our sports day. Our school held the sports day at Hammer Hill Road Sports Ground. I went there with my sister, my friend Habiba and my sister's friends. I took the bus and the MTR to get there. It took me about 1 hour and a half. When we reached the sports ground, it was really sunny. We also saw many students at the sports ground. Afterwards, Habiba and I found our seats, we went to the bathroom to change to our sportswear before the opening ceremony started.

When the opening ceremony began, our discipline teacher told us to be quiet so that we could sing the National Anthem and the school song. After that, our principal Mr. Lee gave an inspiring speech. Finally, the competition started, and everyone was getting ready to scream and wave banners to support each other. We were all so excited and eager to see all the different events.

I took part in three events, which were 100m sprint, shot put and long jump. I am not so fast in running, so, I ended up in last place in the 100m sprint. But it is fine, I tried my best and that is what matters. As for the long jump and shot put, it went well but still I should have tried harder. I am still happy and thankful that I took part in the events.

The most memorable event was the teacher and student relay race. I was amazed because the teachers could run so fast. My sister also took part in the teacher and student relay race. She is a fast runner, and when it was her turn to run, she surpassed about two or three students. My friends and I were so shocked and screamed for her since my sister's team was in the last place. Sadly, they didn't get the first place. But it was really fun to watch and get to experience them running.

My classmates also took part in many events. We all cheered loudly for the 4\*100m relay race. We tried our best to scream because there was a cheering competition. But sadly, we didn't win it and 1A did. We almost had an argument with 1A because they made fun of us for not winning the first place. My classmates and I were so angry and annoyed because we didn't win but 1A did.

Finally, it was time for the prize-giving ceremony and the closing ceremony. There were so many awards to announce, and medals and trophies were presented to the winners. As a result, it took long and became boring. Overall, this year's Sports Day was memorable and fun. I hope my classmates and I can get to experience the feeling of being winners next year. We look forward to the next Sports Day.
