

An Exciting Sports Day

By Leo Law (1C)

We had a very exciting Sports Day. Although I only got a bronze medal, I was very happy.

At first, I saw many classes joining the Sports Day. Some students in my class are good at sports. Our principal told everyone not to be shy. He hoped everyone could join the events. We sang the school song and waited for the races.

I took part in the 200m sprint and the 4X400m relay race. I was happy to hear that I won the bronze medal in the 4X400m relay race. However, I wasn't fast enough in the 200m sprint and only got the fourth place in the race. So, I was very sad at that time, but I still celebrated as I got a bronze medal.

Some students in my class didn't take part in any events, but they all cheered for me. Although they were spectators only, they also enjoyed the Day.

This is a very exciting experience and I am already looking forward to the next Sports Day. I hope I will have a better performance and can get a gold medal next year.
