

Love Our Family and Friends

By Sami (1B)

Dear mom and dad,

How could I ever repay you for all you've done for me? You both never punish me for doing something wrong that I did not know about. Instead, you forgave me and told me what I did wrong. My favorite memories of us are visiting places together, like Ocean Park. It was so fun. I remember we went on a ride called "Arctic Blast". It went for 2 rounds - up and down, left and right. My absolute favorite was when it slowly went up and then went down super-fast like lightning! Mom shouted out "woo!", and so did dad. Your actions were so funny.

You two are so hard-working! And I'm very grateful for it. You have taught me so much. You always guided me to the right answer when I was wrong. I always wonder what I would do without you. You have made a huge impact on my life and you mean the world for me. I'd do anything to have more great moments with you. I love you so much.

In the future, I hope to let my beloved parents rest and make up for all those sleepless nights and restless days that my brother and I caused when they were taking care of us. I hope to get a well-paying job so that I can repay you. I hope you know that I love you and would never say I wouldn't. I only wish the best for my parents in the future. I'd do anything in the world to spend more quality time with you because who knows? It could be my last day with you.

All I want is to make you proud and I'm deeply sorry if I ever hurt you. I didn't mean it and I hope you know that. After everything you've done for me, I've learnt "love begins by taking care of the closest ones".

Yours,
Sami
