

## **A Post Card to My Family**

**by Jake Poon 1E**

Dear Mum and Dad,

How are you both? I'm having a great time in Malaysia. Marcus and I visited the Twin Towers today. We were dazzled by the beautiful lights surrounding the towers. Inside, it was so crowded that we could barely pass through the crowds of people. After a long wait in the queue, we finally managed to ride the elevator to the top of the tower. We saw a breathtaking sunset and took lots of selfies.

Later in the evening, we went for dinner at a restaurant that serves a variety of local dishes. We ordered some amazing dishes, including Nasi Lemak and Char Kway Teow. They were absolutely delicious.

Tomorrow, we plan to visit Taman Negara National Park. We've done some research on it. It's one of the oldest rainforests in the world and is famous for its diverse variety of trees and plants.

I'll be back in Hong Kong on Sunday evening. I'm looking forward to showing you my pictures when I get home.

Lots of love,

Jake
