

Good morning, Principal, teachers and fellow schoolmates. My name is Chris Wong, a committee member of the English Ambassador (EA) Team. It's great to see all our EAs from S1 to S4 here today. I'm excited to share with you our plan for an unforgettable educational trip to a global hub of the English Language – London, United Kingdom!

Our destination is the historic and vibrant city of London. We'll explore its blend of rich tradition and modern culture, providing the perfect environment to immerse ourselves in authentic English.

For attractions, we'll visit iconic landmarks. We'll see the majestic Big Ben and the House of Parliament, explore the ancient Tower of London, and walk across the Tower Bridge. The visit to the British Museum will connect us with world history and we'll experience the buzz of Piccadilly Circus.

The activities will be engaging and interactive. We'll take a guided walk along the South Bank, participate in a workshop at the Shakespeare's Globe Theatre and enjoy a ride on the London Eye for breathtaking city views. There will also be a fun scavenger hunt in Covent Garden to practice your communication skills.

Of course, we must try the local food. You can enjoy classic fish and chips, a hearty Sunday roast, or a traditional English breakfast. For a sweet treat, don't miss out on a cream tea with scones.

This trip is a fantastic opportunity to use English in real-life situations, deepen your cultural understanding, and create lasting memories with your fellow EAs. I encourage you all to join us on this amazing journey.

Thank you for your attention. I'm now happy to answer any questions you may have.
