Diary Entry – Ocean Park

Dear Diary,

Today, I went to Ocean Park with my mum. We were both having our vacation and we decided to go to Ocean Park since there was a discount.

At the park, we decided to go watch a dolphin show. It was spectacular as the dolphins swam enthusiastically and performed crazy stunts! After the performance, the host asked the crowd if they wanted to feed the dolphins. I saw the opportunity and asked if I could feed them. The host said yes and I was allowed near the dolphins.

At the edge of the salt water pool, a trainer taught me how to feed a dolphin and gave me a bucket of fish. It looked kind of yucky to me but absolutely delicious to the dolphins. At first, I was nervous if the dolphin would suddenly jump over and take the fish from my trembling hands. Luckily, the dolphin was friendly and patient. When I gave it a fish, it swallowed it whole without biting! I was so surprised.

Later, my mum got hungry and went to get some food from a stall. Meanwhile, I saw one of the park's mascots. I urgently took out my camera and took pictures of the mascot. It was smiling and waving happily to the other visitors.

Then, the crowd started to grow and my mum got worried since I disappeared into the crowd. She called me several times but still couldn't find me. She was very worried. Luckily, a staff member noticed her trouble and came to help her. She asked my mum what happened and contacted other staff members to go find me. Minutes later, a staff member brought me back to my mum and we were all relieved.

Overall, I enjoyed this trip to Ocean Park and I would like to visit here next time. Maybe I could bring some friends or see the dolphin I fed.
