2016/2017 Notice to Parents A53\_e  
Information about School-based After-school Learning and Support Programmes for  
Junior Form Students

Dear Parents/Guardians:

To encourage students to learn about different cultures, nurture individual outlook and sharpen respective social and problem-solving skills, the School is going to organize two activities commissioned by the School-based After-school Learning and Support Programmes of the Education Bureau. The activities, led by teachers from the School Counselling Committee and social workers, are named **Understanding Korean Culture** and **Experiential Adventure**, and cover an array of fun events that take place both inside and outside school. All S.1 to S.3 students are welcome to join.

For **Understanding Korean Culture**, students doing Korean Studies at City University of Hong Kong will be tutors of the workshops, during which participants will learn about the history, living style, food culture and other special features of Korea. This is a valuable chance for students to immerse themselves in Korean culture and broaden their horizons.

As for **Experiential Adventure**, participants would take part in sports-related activities like Water Adventure and Rope Net Challenge, through which their social skills and problem-solving skills will be boosted.

These activities receive subvention from the Education Bureau, so participants can go free for lunch and coach services. For those who are interested, please submit the duly signed notice to the class teacher on 5<sup>th</sup> May. Participants can choose one or both of the activities. Please refer to the appendix for the detailed schedule.

Please note that if the number of applicants exceeds the places available, a screening process would be conducted to decide on the finalists, and successful applicants will receive a confirmation letter. Those with financial difficulties would be given priority to their applications. Please encourage your child to take part in the captioned activity.

Mr. LEE Wai-Shing  
(Principal)
