2020/2021 Notice to Parents No. A26_e
Information about Preventive Measures of Influenza

Dear Parents,

Due to the unstable weather in recent days and severe cases of influenza infections in pupils and communities, the school has stepped up measures to clean the campus thoroughly and measure body temperature for students at school. It is imperative that both teachers and students maintain personal and environmental hygiene. However due to the infectious nature of influenza, the school urges parents, apart from reinforcing household hygiene, to cooperate and take the following precautions,

1. Pay attention to your child's physical condition, if he/she shows respiratory symptoms or **fever**, please seek medical advice on whether or not your child should attend school;
2. Stay home when having symptoms of influenza until full recovery;
3. Remind your child to:
 - Wash hands frequently with liquid soap and water, avoid touching their mouth, nose or eyes;
 - Do not share towels or cutlery with others;
 - Put on a surgical mask when having respiratory symptoms to minimize chances of transmission;
 - Maintain personal hygiene, cover nose and mouth when sneezing or coughing, and wash hands thoroughly afterwards.

Mr. LEE Wai-shing
(Principal)

Reply Slip

(Please submit to the class teachers on or before 17th November, 2020)

Dear Principal,

I hereby acknowledge receipt of Notice to Parents 2020/2021 A26_e regarding the information about preventive measures of influenza. I will work with the school to ensure the health of my child.
