## Limbu Lonil

2016 graduate, now studying at Sports and Recreation Management (SRM) with Technological and Higher Education Institute of Hong Kong (THEi)

Though I am not good at studies, the teachers didn't give up on me. Because of teacher's help, now I am able to enter THEi. I am really grateful to all of them.

At first, I was so miserable with my future. Therefore I consulted many teachers opinions. Thanks to teachers opinions, I was able to know something that is far beyond my knowledge and got a hope in my future.

We provide an informative and welcoming school tour to suit the needs of interested parents/students. For more information, please feel free to contact Kayani Sadiqa at 2577 9485 / 5106 5599.
