2018/19 Non-Chinese Speaking Students Joyful Learning Group Newsletter (Issue 3)

29th April, 2019

In the belief that interest fuels the desire to learn, our school aims to provide a motivating and encouraging learning atmosphere for students. Let us browse through some of the joyful learning moments at school.

Eager to Learn

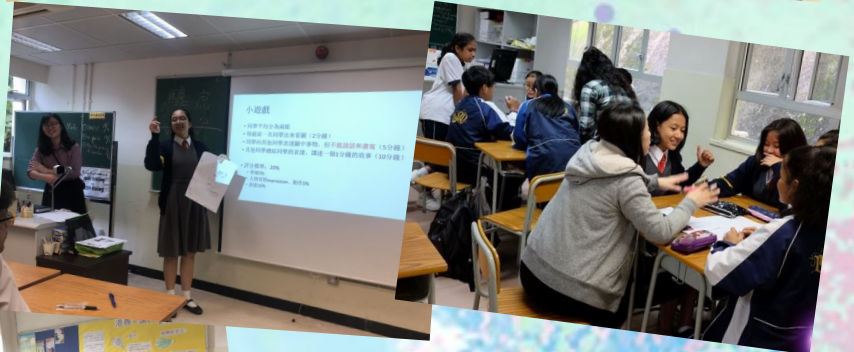

Hands-on activities

Since students from non-Chinese background may not feel familiar with the Chinese culture, we have organized a series of hands-on activities to encourage cultural exchange. From papermaking and clay pot sculpting in Chinese class to the sketching workshop during Visual Arts lesson, students can experience the Chinese culture in a relaxing environment and therefore, boost their sense of belonging.

Small group learning

To cater for learners' diversity, students are studying in small groups for Chinese subject. This setting allows for a better teacher-student ratio so that more frequent discussions and presentations to practise spoken Chinese are made possible.

Small group learning trains students to speak Chinese with confidence.

Chinese New Year

In February, our school hosted an array of Chinese New Year activities to create a New Year vibe. Students were exposed to traditional culture through making sweet dumplings, writing red couplets and sampling traditional New Year food etc. Fun is in the air!

Let's make some sweet dumplings!
Lunar New Year week is filled with food and laughter.

Kung Hey Fat Choy!

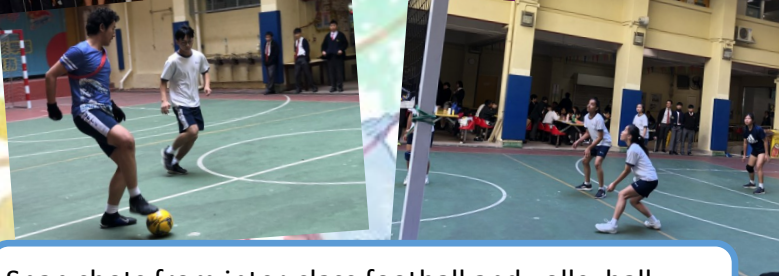

Grow and Glow

Apart from academics, the school values students' performance in extra-curricular activities. One of the major events of the year is inter-class sports competitions. Demonstrating enormous passion and great sportsmanship, our students surely can grow and glow in all aspects in the future.

Valentine's carnival!

The champion and 1st runner-up of the inter-class football competition

Snap shots from inter-class football and volleyball competition. The matches are extremely competitive!
