The brilliant effort of our students is recognized by the Home Affairs Department of Hong Kong. Under the Harmony Scholarship Scheme, 6 outstanding students are awarded with a \$2000 scholarship. In order to achieve that, they not only performed well in academics, but also put up promising results in inter-school competitions. Congratulations to them!

Exam Revision Tutorial

To ensure that our students are well-prepared for the exam, the school organized exam revision tutorials, in which they would revisit key concepts and studied past papers. Here are a few snapshots of the students listening attentively during the tutorials.

Pottery Making Workshop

Integrating NCS students into the local culture has been one of our major aims. There isn't a better way to do it than having some hand-on activities like the Pottery Making Workshop. Our students got a lot of fun creating their own pottery.

Year end is always the perfect time to look back and reflect on the great moments of the year. Let's hear what our students say about their amazing time at school.

The exam revision class was the most helpful activity this year because it helped me to study for exams. This class should continue next year.

This year, we got to wear Chinese traditional clothes in Chinese lessons. I looked so cool when I wore it and the teachers told us everything about Chinese History

-Sharmila S.2B

The most impressive event was the 3D pen workshop because we had to be very creative and it takes a lot of effort to make 3D monsters and superheroes.

PE lesson is the best time of the year because I can enjoy playing ball games with my class and schoolmates.
